

CALIFORNIA WING OPERATING INSTRUCTION 03

8 MAY 2008

Professional Development UNIT COMMANDERS COURSE

1. It is the policy of California Wing that all unit commanders attend the California Unit Commanders Course during the first year after assuming command, unless previously completed. A waiver may be requested by the group commander with approval of the wing commander for an additional 12 months.
2. Since trained squadron commanders are an asset to their Group, the Groups will pay all course fees.
